THE NEWSLETTER OF THE TIDEWATER CHAPTER OF THE BMW CAR CLUB OF AMERICA

MAY • JUNE 2003

Presidentially Speaking...

Spring is coming! I just know it is! After an incredibly long winter here in Hampton Roads I am looking forward where you want to go not at the object you want to avoid – you will go where you are looking. Well, within reason anyway.

Spring is finally here. Despite some ups and downs in the weather we are definitely headed into Spring and headed for Summer. Neighbors you last saw in the Fall are now out in their yards and walking in the neighborhood. A whole new crop of children is out on neighborhood streets learning how to deal with traffic for the first time. Family pets are running loose. While you are out enjoying the fresh air and sunshine in your BMW please remember that there are others out there who are not prepared as well as you. Please be careful out there.

How many of you been to a Chapter event this year? There are now 1100 of you making us one of the larger BMW CCA Chapters in the U.S. And we have a very active Chapter. This year we will host 19 events of various types and participate in an additional 12 with other groups. That is an ambitious schedule but one we have kept up for a number of years.

So, if you haven't been to an event yet, take a look at the Club calendar. Find something you like and come on out. You will find a variety of good-natured Club members at each of our events. You don't have to be a 'car person' or have a need to 'drive fast' or know anyone else. You will quickly find other members with common interests beyond their beloved BMWs. I hope to see you soon! The Annual Picnic is coming up in June!

Speaking of the Annual Picnic. We will hold our Second Annual low-key concours. Cars will be put into judging categories and low-key prizes awarded in each category. Judging will be based on exterior and interior only. There will be no judging of engine compartments or underbodies. All BMWs will be judged.

The featured class for this year will be "Z" cars. Sign up when you arrive at the picnic. Last year mileage figured heavily in the judging. This year the points given to high mileage cars will be reduced. Anyone willing to help judge the entrants should contact me by phone or e-mail.

Have you entered the contest to win a new Z4 through the BMW CCA Foundation? By now you should have received a mailer with an entry form to the contest. The contest and the Z4 are there to encourage you to support the Foundation's effort to finance an ambitious program to train our teens to be better drivers by providing them with real skills training. Michelin, Liberty Insurance and BMW NA are supporting the Foundation's Street Skills program. I encourage you to support the Foundation by becoming a member at whatever level you feel appropriate. And, when the Foundation holds a Street Skills program in our area, enroll your teen so they will be more capable drivers.

One final note. I ask each of you to make a special effort to support our advertisers. They support us with advertisement revenue, use of their facilities, contributions of prizes awarded at some of our events and their personal time. Our advertisers are key to the success of our Chapter. Please support them in any way you can. BTW, please note that Atlantic Autowerks is moving. Page 14 has all the details.

Until we meet again...

Bob

Membership Information Accuracy

Notice from the Membership Chairman:

In order to provide all members with information from the national club and the local chapter in a timely manner I urge everyone to update their member information to include your current email address.

To do this go to www.bmwcca.org and login. Next, in the head of that page you will see member services. On that page is a line to make sure your personal information is correct to include your mailing address (to insure that you continue to receive your Roundel and Chapter newsletter, and email address.

If I can be of any assistance in this matter please do not hesitate to call on me at:
activities@tidewaterbmwcca.org.

Thank you for your cooperation in this matter.

Event Suggestions

Our membership is diverse and we have assembled a calendar of diverse events to appeal to as many members as possible. If we aren't providing enough events that appeal to you please contact Bob Eveleigh at Cheshire@pinn.net with your suggestions. We will begin planning the 2004 calendar of events soon.

If you have been attending Chapter events and would like to do a little more with the Chapter please make your interest know to Bob Eveleigh as well. Perhaps you want to help organize an event or be the primary organizer or have an interest in becoming an officer. In all cases your contributions will be most welcome. And remember, we have a number of members who contribute to the success of our Chapter. As a result you won't be loaded up with too many responsibilities as often happens with other Clubs. We know you have a range of responsibilities to meet every day!

WELCOME TO OUR NEW CCA MEMBERS

Chapter Picnic on June 14

Tidewater BMW Picnic at Newport News City Park.

You can tell that summer is fast approaching, when notices of the upcoming BMW Club picnic remind you to put this one on your calendar. Mark it now, and keep that date reserved for time with the BMW Clan and family! Here are the details: 14 June from 10AM-2PM at the Newport News City Park. We have pavilion shelters 10 and 12. Bring a side dish, salad, or dessert to share. The Club will provide all the burgers, hotdogs, and fixin's as well as the chips and paper/plastic ware. We need you there with your shiny Bimmer to join the Club at waterside of Lee Hall Reservoir for a fun day in the sun.

Yes, for the past couple of years we've used the Cheatham Navy Annex; however, the changing military Threat Conditions and increased security and check-in requirements make it very tough to predictably schedule the Navy facility ... so we're now a little closer to the heart of Tidewater on the Peninsula.

Navigation to the picnic area is quite simple. From I-64, use Exit 250B. For the majority of members that will be heading west on I-64, turn left at the traffic light at the base of the 250B exit ramp. As you pass through the next traffic light (a few hundred meters), the Newport News City Park is on your right, follow the signs for Park Information (the signs have a big "?"), and turn right into the Park. Watch your speed!! The Park info office is now on your left. Continue straight. Follow the park road for about 1 mile, passing the Park Ranger Office. Watch for signs to shelter 10-12 (this will be on your left). Pull into the parking area, our pavilion is to the right. It is important to arrive early, for although we rented the two shelters that service this parking area, park rules prohibit us from marking off the area. It is for public use, so "squatters" can just drive in, park and walk. If the parking area is filled, we can use the parking area across the street from our shelters.

If you plan to picnic with us, please drop Chess a note (classic2002@netzero.net) or call 405-3344 so we can accurately forecast food requirements. Thanks!! See you there!!

Past President Dan Trem Retires

Congratulations to past chapter President Lt. Com Trem on his retirement from the US Navy. Fair winds and following seas to you Dan.

March 1 Driving School Report

The 1st Driving and Safety School of 2003 was a great success. It was one of the smaller class sizes we've had in along time but you know what everyone says about smaller class sizes. And we had plenty of instructors for both the new drivers and for those who had been to school previously. The weather cooperated as well for an early spring school.

The great thing about small classes is MORE TRACK TIME and I think everyone had plenty of seat time. It also gave the instructors more time to evaluate the students and I can say that all of them improved their driving skills and gained the confidence they need to pilot THE ULTIMATE DRIVING MACHINE.

So if anyone has any doubts about the worthiness of the Driving and Safety School just ask those who have been to one. AND its fun to the next school is on May 3rd and is open primarily to women and teenagers so mark your calendar and come on out for a day of fun!

Rockafellas Dinner

Lots of smiling going on.

Bob Brochu is looking pretty happy here.

Virginia Beach Rally Results

We had a great turnout for the Virginia Beach fun rally on Saturday, March 29th. Seventeen cars started out from Mount Trashmore and all completed the event without opening their bailout packages. The weather cooperated nicely with highs in the 70's and only a sprinkle of rain around the halfway point of the rally. We had a great variety of cars - 318, 325, 535, M3, Z3, M Roadster, Z4, and X5.

The rally route wound through Virginia Beach always staying south of Interstate 264. The total distance was 48 miles for those who managed not to make any errors. Only one team finished with 48 miles but a number of team finished with 50 or 51 miles.

Prizes were awarded to the team with mileage closest to the official mileage for the route, the team with the most questions answered right and the team with the most mileage. The team of Steve and Mary Caveny won a prize for having the closest mileage to the official mileage. The team of Peter Florance and Sandra Talley won a prize for answering all 20 route questions correctly. Congratulations to all the teams on a good run.

We took lots of pictures. Some have already been posted to the Photos section of our Das Kummel Yahoo Group where you can download them.

Some of you asked about the next rally. Joe Bovines and Jim Wedlock are planning another rally for July 26 of this year to be held on the Peninsula.

NEW MERCHANDISE!

New Associate Membership Policy

There has been changes in the CCA policy for Associate Memberships that is good news for families. It is now possible to have multiple Associate Memberships for a spouse and children. Sounding like a family membership to you? It should because that is the touch and feel of this new membership policy.

The stipulation is this: each Associate Member must reside at the same address as the primary member.

As an Associate member they can participate in driving events and clinics, rallies, etc., and become involved in club activities but do not have voting privileges. They will not receive a separate Roundel magazine or the local newsletter either but that should not be an issue since they are in the household.

This is good news for our family members. The one issue that should be minded is that when your family members move out of the household they should get their own club membership. It is a right-of-passage event in a young persons life!

New Chapter Shirts are IN!

The long awaited chapter shirts and jackets are now available. They are made of high quality materials that your expect from the Ultimate Car Club. They are wearing a new logo in case you didn't notice. The sizes are the usual compliment of M-L-XL and best part is we can get various colors for the Polo, Windshirts, Jackets and twill shirts. The very nice quality merchandise and prices are shown below:

T-shirts (logo front and back)	\$10
Polo short sleeves (logo front only)	\$20
Windshirts (logo front only)	\$35
Mircrofiber jackets (logo front only)	\$40
Mens twill long sleeve shirt (logo front and sleeve)	\$30

Ferrari Fantasyland

by: John Redding

On Saturday evening April 12, 2003, I stepped into a “gear head” fantasyland. My good friend and fellow car nut Jeff Miller (ex-BMW 850, ex-3000GT & currently '97 911 owner) invited Dana and me to join him and Connie for the grand opening of the Ferrari Exhibit at The Chrysler Museum. This black tie affair, La Bella Gala, was a shock to the senses, and wallet if you did not control yourself.

It was obvious that our role was “filler” for the evening, as evidenced by the cars in the parking lot. Aside from the regular assortment of new Mercedes, Audis, Porsches and BMWs, there were vintage and late model Rolls and Ferraris on hand. The most stunning example of auto excess was a screaming orange Lamborghini Diablo. Incognito is a word that comes to mind when looking at this car; as in “you could never be...”

Walking up to the main entrance we were greeted by the feature item of the evening’s auction. A fully refurbished 1965 Rolls Royce Silver Cloud with 28,000 original miles on it sat under a tent, tempting patrons to ante up. Appraised Value \$55,000. Walking into the main hall of the Chrysler we found ourselves in a room full of the area’s elite, automobile themed dining tables and auction items all around. Sensory overload was setting in before we saw the first car on exhibit.

After dropping off our stuff (auction books, itineraries, wives) at the table, Jeff and I hit the adult beverage table and made a beeline toward La Bella Macchina: The Art of Ferrari. Cocktails in hand (unheard of at the Chrysler previously) we entered the large gallery holding the eleven stunning examples of world class art. These Ferraris are art beyond the category of automobile. Each one has a placard noting the specifications, the models history and its particular pedigree. A red 1976 246 Dino was the first car inside the door. As soon as I saw that I knew this was going to be good. The Dino has been a favorite of mine going back to the early '80's in Southern California, where I had the opportunity to see many beautiful examples of this non-Ferrari.

I won't describe the whole collection here because you really need to see it for yourself. There are references to and examples of such things as Formula 1, Steve McQueen, a 3 seat car, Le Mans winner, Sebring

winner, Mille Miglia winner, and \$16,000,000. Go see for yourself and find these references in the art that is Ferrari. The only thing that was missing was the sound of a screaming Ferrari V12. Burn a CD of that sound and take it with you. The experience will be complete. The exhibit runs into July but pick a nice spring day and come down to Norfolk. Between the Ferrari exhibit and other attractions downtown, it will make for a great day.

We had a great time that evening and saw the auction raise over \$100,000 for the museum. Just so you know the Rolls went for \$38,000 – a bargain, if you like a classic Rolls Royce. I owe a big thanks to Jeff and Connie Miller for inviting us to this great event.

Our Chapter Membership Swells

We are now at the largest membership rolls in the history of the Tidewater chapter. At this time, 27 May, we are at 1159 members strong.

Website Classified Registrations

We now offer the ability to accept classified advertisements through our website. Just visit the 'Classifieds' page at: <http://www.tidewaterbmwcca.org> and click on the “Classified Input Form” link at the top of the page. It is simple to fill out and it is required that you supply your CCA membership number or it won't get processed.

This process will input your info to the website, and if requested to the newsletter (check the newsletter box). My only request is that you don't smother us in classified ads since we are only dedicating one newsletter page and it's hard to manage all those loose ends.

If you have problems or question please contact me.
